CUBS HANDED GRID SETBACK FRIDAY NIGHT

UNIVERSITY HIGH DOWNED
LOCALS, 33 TO 0, AT
BLOOMINGTON

University High proved to be a strong Friday night team as the floodlights at Bloomington and as a result, the Green-castle football team was handed a 33 to 0 setback, in the second game of the season.

The Tiger Cubs, who downed Mitchell 14-6 last week, found the breaks all against them Friday evening. For example, in the first quarter, the local grid-drome drove to the one-foot line and lost the ball on downs. A short time later, the Cubs dropped a pass in the end zone. Ordinarily, these two occasions would have meant touchdowns for the Purple and Gray.

University High broke into the scoring column twice in the first period. Their first t.d. came on a pass from scrimmage on the 20-yard stripe and the second was the culmination of a 40-yard drive down the field.

Neither side tallied in the second frame and the half ended, 13 to 0 in favor of the host school. University scored quickly as the third quarter got underway when the Cubs fumbled on the goal line and the Bloomington boys recovered. A pass gave them an extra point.

Two long end runs accounted for another touchdown and it was 26-0.

Late in the final period, University High progressed from the 40 to the Green-castle 15-yard line and a scamper around and put the pigskin across in sight. Bloomington ran for an additional point and the contest ended, 33 to 0.

Charlie Bieber, veteran end, was unable to see action for the Purple due to injuries but it is believed he will be in shape for Friday's encounter with Plainfield.

This tilt was originally scheduled to be played here. However, Athletic Director Tom Goldsberry did not know Saturday morning if Plainfield would be willing to come to this city for an afternoon game. Goldsberry said the contest may be shifted over at Plainfield but this will not be known definitely until the first of the week.

Officers Talk With Students

Mayor Evan Crawley, Chief of Police Victor Gould and Charles Harrison representing Indiana State Police met with the Seniors of the Green-castle High School Friday. The Green-castle Seniors had completed studying police protection and safety in their civics classes. The visitors appeared before each of the three sections. Each spoke briefly and a question and answer period followed. One important question was "How can we best cooperate with our local and state police?" It was a very interesting and instructive meeting and it increased the understanding and appreciation of the services of our local and state police.

MARRIAGE LICENSE

Robert L. Hirt, clerk, Green-castle, and Susan Brownwell, bank employee, Valparaiso.

20 Years Ago HERE AND THERE

Amos Light went to Chicago to attend a meeting of the American Chemical Association. Mr. and Mrs. Roy Hillis returned home from Three Lakes, Wisconsin.

Mr. and Mrs. L. C. Conrad and daughters, Mary Louise and Dorothy Ann, returned from an extended stay in Chicago where they visited relatives and attended the World's Fair.

Mrs. Russell Stoner was recovering from a nervous breakdown.

Mrs. C. C. Gautier was hostess to the Woman's Circle of the Presbyterian church.

IN THE GOOD OLD DAYS

CHICAGO FIRE—(Continuing an account of the great Chicago fire of 1871 as it appeared in the Green-castle Banner.)—"The number of squares included in the burnt district would aggregate something like 640. The district composes what may be called the very heart of the city. Chicago today presents an appearance of a vast waste of buried and blackened ruins in the center, surrounded on all sides by straggling streets of residences, and those mostly of wood. What is left of the once proud city is by far the least valuable and the most insubstantial. Whatever there was of it that had an air of reality has fallen a prey to the flames—Water for drinking and household use is procured from the lake and parks and for houses from the river. There are a thousand people camped about the artesian well four miles out and perhaps as many more at Lake Victor and on Fulton avenue near the Prairie. The people are being fed in the remaining churches, school houses, in sheds and by the road sides.—The newspapers will be started again in a few days or weeks. West side rooms that rented last week for fifty dollars now readily command \$5,000. There are not many of these, but enough to form a nucleus for business. All packing houses, and many of the elevators remain uninjured, and these two branches of Chicago prosperity will be but slightly interrupted. At a meeting of business men Tuesday a special desire was manifested to at once set to work to rebuild the city and restore business.—A special meeting of the Legislature is to be held to provide means for aiding business men and provide employment for the poor.—Late Sunday evening a boy went into a stable on DeKoonen street near the river on the west side to milk a cow, carrying with him a kerosene lamp. This was kicked over by the cow and the burning fluid scattered among the straw. THIS WAS THE BEGINNING OF THE GREAT FIRE."

EDITORIAL FROM BANNER—"No words of ours can add to the impressiveness of the terrible story of the destruction of Chicago, which we publish elsewhere. The generous heart of Green-castle is responding nobly to the cry of distress in this emergency, and we trust the same generosity will be manifested in every part of Putnam County. Let each township organize at once, and send delegates to the meeting at Keightley's Hall next Monday night with their contributions. In response yesterday to a telegram from Mayor Brown, asking what would be most acceptable, the Mayor of Chicago replied—"Clothing for women and children."—This is enough. The women and children of Chicago are suffering while our people have plenty. Let Putnam County do her duty, for in times of distress we are all brothers. Those who do not wish to wait until they are called on can send their contributions to Simpson Chapel, where the committee will be on hand to receive them. AN APPEAL—(The following account appeared in the Green-castle Banner appealing for help for the stricken people of the city of Chicago.)—"An awful calamity has hit our neighboring city of Chicago. You are already acquainted with the news of their dire misfortune. People of Putnam County: you who have so often and so freely given of your means in times past to alleviate the suffering and distress of your fellows; you who have ever stood with outstretched hands to assist."

OSCAR A. DAY PROMOTED BY WILSON & CO.

FILLMORE NATIVE BRED
MANAGER OF DAIRY,
POULTRY DIVISION

Oscar A. Day, son of Ora A. Day of Fillmore, Putnam County, has been made manager of the Dairy and Poultry Division of Wilson & Co., Inc., at Chicago. He has been economist for Wilson & Co. since 1941. Wilson has a number of dairy and poultry processing plants and distributes a full line of these products in connection with its meat packing operations.

Mr. Day is a graduate of Purdue University where he received a bachelor's degree in agriculture in 1925 and a master's degree in agricultural economics in 1927. At Purdue he was a member of the Kappa Sigma Fraternity and of Sigma Xi, Alpha Zeta and Carfax honoraries.

Following graduation from Purdue, Mr. Day was a statistician for the U. S. Department of Agriculture in the Division of Crop and Livestock Estimates offices in Indiana, Michigan and Illinois. In 1934 he became chief statistician for the Farm Credit Administration of St. Louis, and in 1936 moved to Washington D. C., as senior economist in the Farm Credit Administration Research Division. From 1937 to 1941, before going to Wilson & Co., Mr. Day was assistant to the vice-president of the Farm Mortgage, Equitable Life Assurance Society of the United States, in New York City.

Mr. Day lives at 5 East Ayres street in Hinsdale, Ill. Mrs. Day formerly was Mary Louise Darnell and was reared on farms in Rush and Fayette Counties in eastern Indiana. They have two sons, John Vincent and Edwin Ambrose, who are 15 and 13 years of age, respectively.

Cars Damaged In Accident Friday

A traffic accident at the intersection of Jackson and Franklin streets Friday resulted in approximately \$200 damage to each vehicle involved, city police reported. No one was injured in the accident. Police said that a 1940 Ford, driven by Lou Ann Eggers, Cloverdale, made a left turn off Franklin into Jackson street, and collided with a 1948 Crosley pickup truck driven by Floyd Harvey Weber, Green-castle. The driver of the Ford was given a ticket for failure to yield right-of-way.

Many DPU Grads Get Employment

At DePauw University, as at many other colleges and universities throughout the country, the job of placing graduates in desirable positions has become a big operation.

Approximately 53 percent of DePauw's 1953 graduating class 191 out of 350 seniors—registered with the school's Placement Bureau, in addition to 89 alumni who already were employed but sought better jobs.

All but 38 of the 191 June graduates reported back to the bureau that they had obtained a position, decided on graduate school, or, as the fates would have it, entered military service. Seventy-five percent of the registered alumni likewise reported new jobs.

In the teaching field alone, 89 registrants in both groups were directed to classrooms in towns from West Covina, Calif., to Portland, Me.

But there still remain in the bureau's files requests to fill an additional 729 teaching positions and 286 jobs in business and industry.

DePauw's placement services are directed by David W. Robinson and Miss Lucile Scheuer, assistant deans of students.

FINED BY MAYOR

Virgil Churchill, local colored boy, was fined \$1 and costs in city court by Mayor Evann Crawley Friday evening on a speeding charge. The defendant was arrested by Sheriff Joe Rollings for fast driving on a motorcycle on South Locust street.

VFW Post 1550 To Stage Drive

A 1954 membership drive is planned Sunday by Gen. Jesse M. Lee Post 1550 Veterans of Foreign Wars, with the goal set at 500 for the coming year.

Five teams will have breakfast at the Post Home at 9 o'clock Sunday morning. The group will then conduct a house-to-house canvass of all eligible VFW members and it is hoped that the drive will bring them close to the 500 goal by evening.

Night Run By Local Firemen

The township fire truck was called out at 11:45 p. m. Friday when a tree was discovered on fire near the Big Four railroad underpass on the old Bainbridge road, just northeast of Green-castle.

Fire Chief William Lawrence reported that the blaze resulted from a spreading trash fire.

Water from the truck's booster tank extinguished the flames.

Talks Resumed In Phone Strike

INDIANAPOLIS, Sept. 12.—(INS)—Negotiations were resumed today in the Indiana Bell Telephone Company strike as the company listed a number of reasons why 19 strikers have been fired.

The company said: "The gravity of these charges shows that the company did not act capriciously or without sound reason."

However, CIO President Walter P. Reuther telegraphed Vice-President John L. Crull of the Communications Workers, saying: "It is a tragic thing that 7,000 CWA members must have another week off the job and thousands of Indiana Bell subscribers must be without telephone service solely because Indiana Bell seeks to punish workers for their loyalty to their fellow union members, a practice which went out of date in the industrial dark ages."

Mr. Dean, local representative of the Singer Sewing Machine Co., has been made manager of the Crawfordville branch of this concern, according to an announcement made today. Due to this promotion, Mr. Dean will have charge of all Singer operations in Montgomery, Fountain and Putnam counties.

Mr. Dean will make his future home in Crawfordville.

SUIT FOR DIVORCE

Mrs. Elinor Lucille Akins has filed suit in the Putnam circuit court for a divorce from James Akins. They were married Sept. 2, 1947, and separated August 26, 1953. She asks custody of two minor children. Rexell A. Boyd is the plaintiff's attorney.

TAKES TEACHING JOB

S. E. Records, East Franklin street resident, said today that he had accepted a position as sixth grade teacher in the Belle Union school starting Monday.

Mr. Records, local hatchery owner, has also been connected with the Vanclose theater for the past several months.

Local Club Host For Coon Hunt

The Deer Creek Coon Hunters' Association of Green-castle, is making elaborate plans for the annual Wild Coon Hunt which the club and the American Coon Hunters Association will sponsor for a full week, starting October 6. The meetings will be held in Robe-Ann park and the best coon dogs from all parts of the United States will be in the city for the big event.

The show will open Monday night, October 5, which has been designated as breeders night. At this showing dog fanciers will get a chance to see the leading breeders of all types of coon hounds show their dogs in the week. The following nights, October 6, 7 and 8, will see the running of the World's Championship Wild Coon Hunt.

Wednesday afternoon a bench show will be held and it will be open to all American Coon Hunters' Association members and a lot of them will participate.

The World Champion coon hound will be crowned on the last night of the hunt, also trophies will be awarded second, third and fourth place winners. Ribbons will be awarded heat winners and for dogs that finish three nights hunting.

Manford Craver of Green-castle, is in charge of the show and all registrations will be made through him, and he promises to be a busy guy during the show answering questions and keeping everything moving.

NAMED MANAGER

Ben Dean, local representative of the Singer Sewing Machine Co., has been made manager of the Crawfordville branch of this concern, according to an announcement made today. Due to this promotion, Mr. Dean will have charge of all Singer operations in Montgomery, Fountain and Putnam counties.

Mr. Dean will make his future home in Crawfordville.

INTER-STATE PISTOL SHOOT IS SCHEDULED

TWO-DAY EVENT WILL BE
HELD AT PUTNAMVILLE
POLICE POST

The annual inter-state pistol shoot by state and city police teams will be held at the Putnamville State Police post next Wednesday and Thursday, Richard Raub, lieutenant in charge of the Putnamville Post reports.

Approximately 80 men will compete for high honors in the contest. This means that about sixteen states and cities will send representatives to the meet, including Indiana state police and a few Indiana cities.

The Michigan State Police team will be defending its national honors, won a year ago at the same range, when they carried off top honors.

George Heck of Green-castle and a member of the Indiana State Police at Putnamville Post, is also a member of the State Police Pistol team and will be competing with his fellow police next Wednesday and Thursday.

Filling Station Changes Hands

A change in the ownership of the Standard Oil service station, located at the intersection of highways 40 and 43 on the south-west corner was made known today. James Cromwell, Cloverdale native, and now residing with his wife and two children near Putnamville, has purchased the interest of Walter "Bode" Williams. The modern filling station will henceforth be known as Jim and Jean's Service.

Mr. Cromwell was graduated from the Cloverdale high school and subsequently served in the Quartermaster Corps of the U. S. Army during World War II. Part of this time was spent in Egypt and the Near East. Following his release, he has been associated with King Morrison Foster Co. and Montgomery Ward in the automotive service department.

In addition to sales of lubricants, gasoline, tires and accessories, minor repairs will be made by Jim and Jean's Service.

Field Day Will Be Held Sept. 15

The annual Corn and Soy Bean Field Day will be held Tuesday, September 15, at the Purdue Agronomy Farm located about 5 miles northwest of Lafayette on State Road 52, starting at 8:30 a. m.

Groups will be conducted starting at 15 or 20 minute intervals until 10:30 a. m. They will be shown the experimental fields, varieties of corn and soy beans planted, fertilizer results, legume and grass seeding in wide and narrow row rows and a lot of other things of current interest to farmers.

Lunch will be served on the grounds at noon and Congressman Ralph Harvey, widely known in Indiana and former president of the State Crop Improvement Association will be the leading speaker at the afternoon program on the farm.

As usual a good number of Putnam county farmers are planning to attend this event. Those wishing transportation may check through the extension office where an attempt will be made to arrange for full car loads of people wishing to attend.

URNS DOWN MILLION

LAS VEGAS, Sept. 12 (INS)—Actress Rita Hayworth today turned down a million dollar divorce settlement from her ex-husband, Prince Aly Khan, so that her daughter, Yasmin, might be raised as a Christian, American youngster.

The glamorous movie star met with her lawyer, Bartley Crum, at the Sands hotel in Las Vegas today and instructed him to refuse Aly's latest offer of a financial settlement.

BULLETINS

MINERAL WELLS, Tex., Sept. 12.—(INS)—Gov. Allan Shivers of Texas, urged Texas conservative Democrats to be aware of what he considers a left-wing move to purge them from the party.

Shivers, who led Texas into the Republican column last year, issued his warning yesterday to the Texas Democratic executive committee at Mineral Wells.

He pointed to recent statements by spokesmen for the CIO-PAC and former President Harry S. Truman calling for the ouster of the so-called "Shivercrats" and "Dixiecrats."

WASHINGTON, Sept. 12.—(INS)—The new United Nations supreme commander in the Far East said today he believes a solid peace can be achieved in Korea.

Gen. John E. Hull, whom President Eisenhower named Friday to succeed Gen. Mark W. Clark in the pivotal command, told International News Service: "No matter how difficult a situation is, there's always a solution."

Hull conceded that he will be faced with many crucial decisions, but he promised to "do everything to bring permanent peace in Korea."

GATLINBURG, Sept. 12.—(INS)—Sen. Estes Kefauver D. Tenn., charged today that the Eisenhower administration is giving the country a "raw deal" on public power instead of the "honest deal" promised by President Eisenhower in his campaign.

Kefauver said that private power industry lobbying and "propaganda"—coupled with the election of the Republicans in 1952—"have been paying off rapidly for the private power boys during the last few months."

WASHINGTON, Sept. 12.—(INS)—Sen. Joseph R. McCarthy R. Wis., threatened today to make public additional documents which he claims can prove his charge that the Army has been spreading Communist propaganda.

WASHINGTON, Sept. 12.—(INS)—The Internal Revenue Bureau has refused to comment on published reports that it has made a ruling which would save former President Truman about \$165,000 on his forthcoming memoirs.

LOS ANGELES, Sept. 12.—(INS)—Flame-haired actress Lucille Ball, star of television's "I Love Lucy," today formally denied by affidavit Communist party membership but admitted registering as a party voter.

Rep. Donald Jackson, R., Calif., said he will make public the affidavit this morning. Miss Ball gave her report to the house un-American Activities Committee several months ago.

Jackson said there was no evidence to support rumors that Miss Ball ever had taken an active part in the California Communist party.

KOREAN TRUCE BRINGS END TO BLOOD PROGRAM

COUNTY RED CROSS CHAIR-
MAN RECEIVES OFFIC-
IAL NOTIFICATION

Putnam County Chapter of the American Red Cross will no longer have a part in Red Cross blood collection, due to the closing of the Indianapolis Defense Center.

A letter to this effect has come to Fred A. Pease, Putnam County Chairman of Red Cross, from R. P. Rollins, Director Red Cross Field Service.

Mr. Rollins stated in his letter that "I am sure we will all rejoice that the ending of the blood program results from cessation of active combat that has brought untold sorrow to so many American homes. I think all of us realized that the defense program was undertaken at the request of our government and that it would cease when the emergency was over."

The communication continues with high praise for the Putnam county chapter's part in collecting blood for life-saving purposes. He urges that the many workers who had a part in the program's success, volunteer their time and ability for furthering other Red Cross activities needing assistance.

Mr. Pease, in releasing the announcement, added his expression of gratefulness to the hundreds of Putnam county people who have contributed to the program, either by way of blood donation or as staff workers. He recalled that the Green-castle Associate chapter of Tri Kappa has sponsored this phase of Red Cross work since its inception. He asked that the organization be congratulated upon a service job well done.

"The Red Cross defense program," Mr. Pease continued, "has had the support and assistance of countless town and county organizations—too many to list. Since none was working for glory, I believe each will accept its due thanks without individual mention."

Entire DPU Staff To Dine Tonight

The Memorial Student Union this evening will be the site of DePauw's second annual "All-University Dinner," an innovation at this time last year.

Invited to the 6 p. m. dinner in the Union ballroom as guests of the university has been the entire DePauw staff, including almost 300 men and women on the school's payroll.

According to President Russell H. Humbert, who will preside, the short program again has been designed to acquaint staff members with each other and with the programs and policies of the university.

Included in the meeting will be brief reports from the administrative officers, plans for the 1953-54 academic year from students, faculty, and administration, and a discussion period during which questions raised by those attending will be answered.

CROP—the Christian Rural Overseas Program—reports that every new day finds 55,000 more mouths to feed than the day before. This means an annual world population growth of about 20,000,000 people. The report further shows that the annual excess of births over deaths in Latin America is 1,500,000. The relief agency—"food arm" of the National Council of Churches' department of Church World Service—cities phenomenal popula-

tion increases in India, Pakistan and Southeast Asia as causing an ever-increasing problem in combating starvation conditions.

Any American can be an Andrew Carnegie type of philanthropist for the sum of \$25, says Dr. Frank Laubach, famed world literacy expert. The donation would actually create a working public library in a village of India, he declares. The originator of the Each-One-Teach-One Literacy program sees his library idea carried a step closer to reality with endorsement of the project by the United Church Women. The UCW recommends that local councils of church women back the project to the limit. The portable libraries as envisaged by Dr. Laubach, would consist of 40 to 60 small, simply-written books, a pest-and-damp-proof case to hold the books and an oil lamp to read by. Literacy is making such rapid strides in the rural districts of India, Dr. Laubach says, that these libraries are imperative. Immediate objective of the UCW campaign is financing libraries of 300 villages in the All-India area.

The fourth annual nation-wide Finnish Church collection for charitable purposes, known as the "Common Responsibility" appeal, has raised 72,000,000 Finnish Marks (\$317,000) last year. The four-year-old appeal has totaled some 200,000,000 Finnish Marks (\$880,000). Last year's proceeds are now being used to provide satisfactory housing for needy and aged people.

Books on religion and on topics related to the spiritual life are today on the list of "best sellers"—perhaps for the first time in a hundred years or more. Says one publisher: "It is not many years since editors gave short shrift to most of the religious manuscripts submitted to book publishing houses. Coincident with the phenomenal sale of Rabbi Joshua Liebman's 'Peace of Mind' and Russell Janney's 'The Miracle of the Bells'—both religious books—in 1947, publishers awoke to the fact that a revival of religious interest was gaining momentum. The result has been that virtually every large publishing house in the country is in search of religious fiction and non-fiction. In both categories religious books are represented on the 'best seller' reports compiled from the reports of bookstores all over the country."

Currently leading the fiction list as it has for many weeks is "The Silver Chalice" by Thomas B. Costain, but even more notable is the non-fiction best-seller list. Of the top five, three are religious books—Norman V. Peal's "The Power of Positive Thinking"; Edward R. Murrow's "This I Believe"; and the "Revised Standard Version of the Bible." Published Oct. 1, 1952, the Bible has established new publishing records, with sales in excess of 2,000,000. Produced for the National Council of Churches, the

R.S.V.E. is acknowledged the best seller of this generation. "Our mission is to get parents to become teachers," says Dr. Harry Denman, of Nashville, Tenn., leading an evangelistic campaign in the Methodist Church. "In the United States more than 22,000,000 babies have been born during the last six years, and in 1952 more than 3,850,000 babies were born to set a new record. Yet the number of children in the nursery division of our church schools decreased last year. We must stimulate every church to become child-centered. . . . The Methodist Church now has a four-year youth emphasis program under way because there are 20,000,000 youth in this country who are not being reached by any church—Protestant, Roman Catholic or Jewish. We hope that the World Mission of Evangelism will stir every church to give dynamic leadership to youth. We must quit trying to entertain them with recreation and entertain them with the idea of giving themselves to God. Youth will respond to the greatest challenge we can make. Our camps, institutes and summer assemblies must more and more become training centers for youth who will become evangelists for the Kingdom of God."

When Life
REALLY
begins...

Baby's first step is something more than a parlor sensation!

It is her first daring venture in the conquest of her own limitations!

We really begin to live when we first try to overcome our weaknesses. And we cease to live the moment we lose the burning desire for self-improvement.

Our most serious limitations are not physical, but spiritual. That is why the Christian Church is indispensable to the life of a child or an adult.

Christianity helps us understand those spiritual shortcomings. Christ teaches the Faith by which alone man overcomes them.

And our daily conquest of these spiritual limitations prepares us for the ultimate goal of living—that LIFE WITHOUT LIMITATIONS which we call Heaven!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
